We offer a varied and interesting programme in a supervised, safe environment for children aged between 5-13 years who require before school, after school and/or holiday care. Through creative play we are able to assist and enhance their social, emotional, physical, creative, cultural and academic development. In this way children learn new skills and gain self confidence.

Spreydon OSCAR Inc. is an incorporated society managed by a committee of parents, who meet monthly, to provide governance and financial management of the programme. The Programme Manager and staff are employed by the committee. *Any parent who wishes to may join the committee.* Committee members are required to undergo Police vetting.
